Re: Ute-32
Uintah County, Utah
ACT/047/008

Dear Mr. Godina:

Thank you for filing MR-Forms 1 & 2. In order that we may proceed with the approval process for your gilsonite mining operation, we are requesting that you submit a map showing the location of all topsoil and ore stockpiles, waste dumps, and surface facilities, including trailers, buildings, water storage tank, septic tank, etc.

We also would like clarification as to whether this operation is a new mine, continuing work, or a reactivation of an old mine.

When you receive the results of the soil analyses and Utah State University's recommendations, please advise the Division of the specifics of your revegetation and soil treatment plan.

Your cooperation regarding these matters is greatly appreciated.

Sincerely,

JAMES W. SMITH, JR.
RECLAMATION SOILS SPECIALIST
